

# Human Participant Protections Education for Research Teams

## Completion Certificate

---

This is to certify that

**Karen Connaghan**

has completed the **Human Participants Protection Education for Research Teams** online course, sponsored by the National Institutes of Health (NIH), on 08/24/2004.

This course included the following:

- key historical events and current issues that impact guidelines and legislation on human participant protection in research.
  - ethical principles and guidelines that should assist in resolving the ethical issues inherent in the conduct of research with human participants.
  - the use of key ethical principles and federal regulations to protect human participants at various stages in the research process.
  - a description of guidelines for the protection of special populations in research.
  - a definition of informed consent and components necessary for a valid consent.
  - a description of the role of the IRB in the research process.
  - the roles, responsibilities, and interactions of federal agencies, institutions, and researchers in conducting research with human participants.
